**THE ORGANIC ECOSYSTEM PROJECT  
LAUNCHES AN ONLINE TECHNICAL SUPPORT SERVICE**

A technical support service will be launched to provide free advice and guidance to all organic operators from the partner countries as part of the ORGANIC ECOSYSTEM project

*Boosting cross-border **Organic Ecosystem** through enhancing agro-food alliances* (funded by the ENI CBC MED Programme 2014-2020), seeks to create a cross-border agro-food system to develop organic agriculture in the Mediterranean area.

The project brings together the following partners: the Jordan Ministry of Agriculture (lead partner), CIHEAM Bari, Zahle Chamber of Commerce (Lebanon), Innopolis – the Centre for Innovation and Culture, Leukimmi (Greece), ASCAME (Association of Mediterranean Chambers of Commerce - Spain), Synagri (Tunisian Farmers' Union). The Ministries of Agriculture of Lebanon, Tunisia, Greece, the SEKEM Foundation (Egypt) and Puglia Region are also involved as associate partners.

Starting from 4 May a team of advisers will answer any questions on marketing, legislation, agri-food chains, olive growing, viticulture and vegetable crops, pests and pathogens at <http://assistance.organicecosystem.net/>
